COLUMBIA AUTO SUPPLY COMPANY,

13th and H Streets N. W.

POSTAL FINES IT
OFFERED IN RUM

Charges of striking telegraphers that the Postal Telegraph Company, through an agent, had offered them "all the whiskey and smokes they wanted" as an inducement to return to work, were emphatically denied today by Postal officials.

The telegraphers alleged that an emissary had circulated among the strikers urging them to come back and promising them free lunches, an unlimited supply of whiskey and cigars and cigarettes. Two of the strikers, it is said, could not resist the temptation and returned to their keys.

"Life" Says Official.

"This is a lie," said W. J. Dunham, cashier of the Washington office of the Postal. "We have offered nothing of the sort, outside of providing lunches for the operators since the first day of the so-called strike. This was done because we are moving business with a skeleton force and save time in that way."

"The men are coming back of their own accord, two or three a day, and I am not at all sure that if they are good men, but have been misled, they too would come back. While somewhat short-handed, our service is not in any way crippled."

Issue Statement.

The following statement was issued today by the Postal Company: "Those members of the Employees' Association who joined the Commercial Telegraphers' Union, whether they struck or not, are no longer members of the association. We feel, however, that they have been misled and that they make in signing such applications and will not hereafter join the union. The strike has collapsed and is a miserable failure."

The Commercial Telegraphers' Union has been merely a burden on our employees, who were required to pay dues without accomplishing anything for their benefit. On the other hand, it has automatically taken them out of the employees' association, where they were entitled to sick and death benefits without paying any dues. We are now separating them from the union permanently."

Tower 2,000 Feet High
Will Be Pittsburgh's
Memorial to Yankees

PITTSBURGH, June 21.—A memorial tower 2,000 feet high, the loftiest in the world, is planned in honor of the world war heroes of Pittsburgh and Allegheny county. Henry Penny, chief of the local office of the weather bureau, is father of the plan.

The proposed building and tower is to be erected, according to the tentative plans, on Flagstaff Hill, Schenley Park. The tower will be mounted on a concrete base in which there will be room for soldiers and sailors and a convention hall with a seating capacity of 15,000.

An amusement place will be constructed 500 feet above the ground and an observation platform will encircle the top. Signal lights for airplanes will be placed on the topmost point of the tower and will be easily seen twenty-five miles, according to plans.

FINES ICEMAN \$100 FOR SHOT WEIGHT

The heaviest penalty imposed upon an ice man for cheating housekeepers in serving them short-weight ice was meted out today by Judge McMahon in police court today to Abraham Fair, colored, a dealer of 214 L Street, who was accused of not treating customers fairly by George C. Wright, a weights and measures inspector.

After denouncing the defendant as intentionally defrauding the public, the court fined Fair \$100, in lieu of which he will serve sixty days in jail. The ice dealer was serving his customers only one-half pound of ice a take-it-or-leave-it attitude. The scale which he used was held by the court to be antique, and it would not weigh at all when tested.

HYATTSVILLE NEWS

Capitol Heights Perfecting Plans For Big Carnival on July 4 and 5.

HYATTSVILLE, Md., June 21.—Preparations for the big carnival to be staged July 4 and 5 at Capitol Heights are progressing rapidly. To extend the electric light system, various organizations of the community are co-operating to make the carnival a success. Mayor John Gabriel is chairman of the committee in charge of arrangements. Mrs. Mary V. Boynton, secretary, and Clara L. Bryn, treasurer.

Before a large assemblage commencement exercises of the Hyattsville High School were held last night in the Masonic Hall. Invocation was made by Rev. J. H. Berger, pastor of Memorial Methodist Episcopal Church. Mayor Matthew F. Halloran, in conferring commissions upon officers of the cadet corps, referred to education as the most potent weapon with which to fight Bolshevism. He presented commissions to the following: Capt. Charles E. White, First Lieut. Howard Brown, Second Lieut. Robert Morris, Color Sergeant Porter, Hyattsville; Paul E. Kropf, Landover; Hazel V. Earnest, Mount Rainier; Thelma G. Snell, Berwyn; Dorothy Constance Brandt, Mount Rainier; Lillian O. Earnest, Mount Rainier.

Rev. A. K. Stockbrand, pastor of the First Baptist Church and a member of the faculty, announced that Miss Constance Brandt had taken first honors in domestic science, and Miss Lillian Earnest, of Mount Rainier, had been second best in this subject in the senior class.

In the Junior class Miss Olive Castella was adjudged first and Miss Sarah Morris, second; sophomore class—Miss Rebecca Willis, first; Miss Frances Boland, second; senior class—Miss Elizabeth Van Deventer, first; Miss Gladys Baker, second; Miss Elizabeth Van Deventer, third in scholarship. Laura McEwen being second and Charles White, third.

Mayor Matthew F. Halloran is a letter from a division superintendent in Baltimore of the Baltimore and Ohio Railroad assuring him the co-operation of the railroad company in bringing about improvement of the stretch of land running parallel with the steam and electric railroad tracks here from Melrose avenue to Anderson street.

S. Pinkney Hook, sixty-nine years old, a well-known farmer of lower Prince Georges county, died a few days ago at his home near Croom.

The Historical Division of the Maryland Council of Defense is endeavoring to complete a list of Prince Georges county boys who lost their lives in the service.

ASKS \$10,000 DAMAGES OF B. & O. FOR DEATH OF SON

Henry B. Gardner, administrator of the estate of his fourteen-year-old son, Bernard Leroy Gardner, today filed suit in the District of Columbia Court against Walker D. Hines, Director General of Railroads, and the Baltimore and Ohio Railroad Company for \$10,000 damages on account of the death of his son.

The father, represented by Attorney William E. Leahy, alleged that his son was employed by the railroad company to keep its roadbed in order and that June 21, 1918, while at work at "University" station a train struck and killed him.

10 D. C. BANKS GIVE
"SAVINGS SHELLS"

Ten Washington banks are distributing the "hand grenade savings banks" to school children of the District in order to further the sale of Thrift Stamps, along the plans outlined by the War Loan Organization of the Fifth Federal Reserve district at Richmond.

The deadly hand grenade which put so many German machine guns out of action, has been made over for peace purposes by removing the percussion cap and explosive and converting it into a savings bank.

One such bank is given to each child under seventeen, who signs an agreement to save as much money as possible this summer. As soon as enough has been saved to purchase a Thrift Stamp the bank becomes the property of the child.

These grenade banks are the Washington Loan and Trust Company, Potomac Savings Bank, Northeast Savings Bank, Washington Savings Bank, National Metropolitan Bank, Northwest Savings Bank, Liberty Savings Bank, McLaughlin Banking Corporation, Washington Mechanics Savings Bank and the Union Trust Company.

The War Loan Organization is selling the grenade banks to all banks and trust companies at 5 cents each, reserving the right to scale orders in excess of 5,000 for any one bank.

Miss M. E. Whitwell, of the Thompson School, director of War Savings Stamps campaign in the District of Columbia schools, is in charge of the campaign to interest school children in these banks.

The Federal Reserve statement today shows \$719,299,530 in national bank notes outstanding, \$8,244,140 national bank notes issued in the last six days, and \$9,037,797.50 in national bank notes destroyed in the last five days.

All Treasury certificates of indebtedness of the series V, dated February 27 and maturing July 29, 1919, are called for redemption July 1, 1919, at par and accrued interest. On July 1 all interest on this series will cease to accrue. Holders of these certificates have the privilege of exchanging them on or before July 1, at par with an adjustment of accrued interest, for Treasury certificates of indebtedness of the series T, dated June 3 and maturing September 15, 1919.

There is no session of the Washington Stock Exchange today.

ERWIN LAYS DOWN
LAW TO GEN. VILLA

EL PASO, Tex., June 21.—Venustiano Carranza, not Pancho Villa, is president of Mexico, and Gen. James B. Erwin, commanding the El Paso district, accordingly will have nothing further to do with anyone in arms against the recognized Mexican government.

This is the keynote of the answer which is on its way today to Gen. Felipe Angeles, Villa commander, in a reply to Angeles' request for explanation of why the United States troops drove the Villistas out of Juarez last Monday. The reply was handed to the Villista courier who brought General Angeles' note to General Erwin.

General Angeles' letter called General Erwin's attention to alleged precautions taken by the Villistas to avoid firing on American soil and asserted that the Villistas had so directed their fire that the bullets would fly parallel to the line rather than across it.

Congressman Dallinger has introduced a bill to increase the pension for total deafness to \$50 a month. The measure would affect all persons who lose their hearing due to causes originating in the military or naval service and in the line of duty.

In lieu of the amount now paid in cases of partial deafness, the bill provides that there shall be paid such proportion of the rate fixed by the bill for total deafness as the Secretary of the Interior may determine, the amount to be paid to be determined by the degree of deafness existing in each case.

PROBE STORY OF
VANISHING GROOM

PHILADELPHIA, June 21.—Investigation of the story of Norman L. Hill, a prominent bridegroom, who mysteriously disappeared on the eve of his wedding and who returned, is being made today by police.

Hill, 28, was last seen on the evening of the 19th, when he was beaten and robbed of \$1,100, his wedding fund, and taken to a shanty in Princeton, N. J., where he was when he regained consciousness.

SHIP 15 MILLION IN
GOLD TO AMERICA

NEW YORK, June 21.—The steamer Vauban left here today for South American ports with over \$15,000,000 gold aboard. This is said to be the largest single cargo of gold that ever left New York.

Don't save for a "rainy day." Save, and there will be no "rainy days." Buy W. S. S.

WALL STREET MARKET

NEW YORK, June 21.—The stock market opening was strong today. United States Steel opened at 108 1/2, up 1/2; Studebaker 105, up 1/2; Central Leather 105, up 1/2; United States Rubber 127, up 2; Mexican Petroleum, 185 1/2, up 1/2. The market closed strong.

NOLAN WAGE BILL
GOES TO CALENDAR

The Nolar minimum wage bill, fixing the minimum compensation of all persons employed by the District and Federal governments, has been reported favorably by the House Committee on Labor, and will go on the calendar.

More than two score labor organizations and others have given their endorsement of the measure, and several representatives of these bodies appeared before the committee at hearings.

The total number of District government employees affected is given at 3,812; United States Government employees affected number 62,474.

To put the provisions of the bill in effect would cost the District government \$1,248,500. The additional expense to the Government would be \$23,755,696.

Here is the minimum wage scale fixed by the bill: Daily wage not less than \$3; if employed by the hour, not less than 37 1/2 cents per hour; if employed by the month, not less than \$9 a month; if employed by the year, not less than \$1,080 a year.

"This measure will foster true Americanism and is one of the few sound measures of preparedness of the Sixty-sixth Congress has had placed before it," says the report of the Labor Committee.

"There may be some who will say that \$3 per day is too high a rate for the men and women employed by the Government."

"But would they like to labor for less than \$3 a day? Would they like to raise a family and live on less than \$3 a day? Would they like to see their children starve?"

The Shipping Board announced today that it is preparing to sell radio apparatus which it had installed on 200 requisitioned ships. Some of the ships have already been returned to their owners and others will be shortly.

U. S. OFFICER ABOARD
R-34 IN NORTH SEA

LONDON, June 21.—Lieutenant Commander Lansdown, of the United States Navy, who is to accompany the British dirigible R-34 on her flight to America, Germany, signs the peace treaty is now acting as an observer aboard the dirigible in her maneuvers over the North Sea. The R-34 has been provided for several days and is said to be doing important photographic work.

SELL JAIL, TOWN IS SO GOOD.

ALTAMONT, Mo., June 21.—This little town several years ago, in anticipation of national prohibition, turned its calaboose into a cow stable. Now reports are coming in here that towns nearby are selling their town jails. The city dare not sit back and laugh at their neighbors, who several years ago laughed at Altamont.

UNITED STATES TREASURY CERTIFICATES, series V-G, maturing July 29, 1919, called for redemption July 1; all United States Treasury certificates of indebtedness, series V-G, dated February 27, 1919, maturing July 29, 1919, are hereby called for redemption on July 1, 1919 at par and accrued interest. Interest on all certificates of said series will cease to accrue July 1. Certificates exchangeable on or before July 1 at Federal Reserve Banks at par for Treasury certificates, series T four, dated June 3, maturing September 15, with adjustment of interest.

CARTER GLASS, Secretary of Treasury.

6 CHINAMEN FINED
AFTER OPIUM RAID

Uncle Sam's treasury is by \$2,550 richer today, the amount having been contributed—not voluntarily—by six Chinamen who pleaded guilty today before Chief Justice McCoy, presiding in Criminal Court No. 2, to violation of the opium law.

Charles Soo and Henry Moy were each fined \$1,000 and sentenced to two years in the penitentiary, the sentence being suspended. Sing Lee was fined \$100 for having opium and opium paraphernalia in his possession, and Lee Wah and Charlie Tuck were fined \$10 each for the same offense. Han Lee was sentenced to pay a fine of \$250 for having in his possession opium pipes, scales, and other articles showing that he sold the stuff.

A two years' penitentiary sentence was given to each of the offenders, but sentence was suspended pending good behavior.

NAVY HAS NO FUND
TO PAY DRAFTSMEN

Because of lack of funds to pay their salaries, about 160 draftsmen employed in the Bureau of Yards and Docks of the Navy Department, will be forced to lose four days' employment the latter part of this month.

It was stated this morning by Gen. R. Scott, vice president of the International Federation of Draftsmen's Union, that because of the lack of funds several hundred draftsmen have been placed on furlough in the navy yards throughout the country.

"We intend to make an appeal to Secretary Daniels," said Mr. Scott this morning, urging that he ask Congress to provide sufficient funds for payment of the salaries of draftsmen for next year."

LATER TOO LIGHT TO
SLEE DOWNWAYS

CAMDEN, N. J., June 21.—Launch- ing of the 21,000-ton cargo and passenger steamship Sea Girl at the New York Shipbuilding yards here was postponed because the vessel proved too light to slide down the ways.

The hold will be filled with water and the vessel launched at high tide tonight.
